## THE COAL FIELDS.

The Reports of Damage by the Flood in West Virginia Greatly Exaggerated.

THE LOSS WILL NOT EXCEED \$500,000.

The Number of Lives Lost is Now Estimated at Not More Than Sixty or Seventy-Five.

Miles of Railroad Track Are Washed Out and Great Gashes Have Been Created—The Damage at Keystone.

Bronkton, Va., June 25.—The following statement by one of the general officers of the Norfolk and Western railroad, summarizing flood situation in the light of the latest dispatches, was Monday night given out:

"Instruction of the telegraph department that the damage by flood through the coal fields will exasperate. The loss of life will not exceed 60 or 75, and the damage to property, including repairs to railroad and coal operations, will not exceed \$500,000. It is expected the rail-way will get a line opened through (Tuscarora) or next day."

There was very little news received here Monday from the West Virginia flood. One train came in Monday afternoon, but not much new information could be gained from the passenger. The trains are running from Bluefield and Evans, which places are just outside the territory visited by the cloudburst on last Saturday morning.

**Wires Are Still Down.**  
The wires all being down west of Bluefield say one wire is being put through to the telegraph office, so a temporary wire prevents the cable from gaining any additional subscribers. How many are dead is not definitely known, and it is necessary to be several days yet before the exact number can be given out.

The various reports of fatalities here are from 50 to 25 persons have been drowned. It is probably safe to assume that the former figures are more correct than the latter.

The damage to property, as far as to hundreds of thousands of dollars. Miles of railroad track washed out, and great gashes have been created.

The devastated section covers in area of about 20 miles west of Bluefield. It is a narrow valley, not much wider than a broad street in some places.

**Hundreds of Houses Washed Away.**

Coal mines are scattered all along the road. Keystone, the town reported to have been so greatly damaged, and which was at first believed to be wiped out of existence, is a village of 1,000 people, situated on a hill, and is built along the narrow valley, and on the sides of the bluffs. There is a creek which runs through the town, over which most of the houses are built on piles and rocks. This creek runs in a zig zag way through the narrow valley, and has a gradual fall. The mountain side is sidewalk up, for hundreds of feet, and the town is so narrow in places that one is obliged to go into the middle of it to see the sky. Persons familiar with the situation of the town say that it would be death trap if the flood was as heavy as reported. Yet they reason that the flood occurring during the daytime there was no reason why many people should have been caught in the onrush of the inundated waters. All reports agree that between \$25,000 and \$100,000 damage was done by the cloudburst, none by the flood in the river.

**Fear of a Flood at Charleston.**  
Charleston, W. Va., June 25.—The water in the Kanawha, without reaching the danger line here, began to recede and all fears are now past. In the coal regions above here about Monday the \$75,000 to \$100,000 damage was done by the cloudburst, none by the flood in the river.

**Gov. White Appeals for Aid.**  
Charleston, W. Va., June 25.—Late Monday night Gov. White issued an appeal for aid for the flood sufferers in the Flat Top coal region to West Virginia. The only money aid had been to miners, and was sent to the adjutant general, Charleston, or to any bank cashier, Fletcher. Thousands of miners are homeless.

**WENT OVER THE DAM.**  
Three Small Boys, All Under 12 Years, Drowned While Bathing at Grand Rapids, Wis.

Grand Rapids, Wis., June 25.—Three small boys, all under 12 years of age, were drowned below the dam here Monday. They were: Sidney Larson, Arthur Calm, and Clarence Reaco. The boys went in for a swim, and, getting beyond shallow water, were swept off into the deep water below.

**A Tax Decision.**  
Washington, June 25.—Commissioner of Internal Revenue Verkerke has held that bonds who do not have a stock exchange outside of New York and who do business with the New York exchange do not have to pay a tax of \$2 on each transaction as the tax is paid by the brokers on the exchange.

**Hot Weather in Wisconsin.**  
Black River Falls, Wis., June 25.—The mercury registered 100 here Monday. Hans Oerstet, while having was sunstruck and his recovery is doubtful.

**INSANE FROM OVERSTUDY.**  
A College Graduate Shoots One Sister, Fired at Another and Then Shot Himself.

Boston, June 25.—Richard Friedman shot and killed his sister Rosa, aged 21, attempted to kill his sister Helen, aged 17, and then shot and killed himself on a crowded west end thoroughfare here Monday. Miss Helen was not hit by the bullet intended for her, but was severely wounded. She fell fainting to the sidewalk. It was at first thought that she, too, had been killed, and the brother apparently believed that his bullet had found the mark, for it was not until both sisters were prostrate that he turned the pistol to shoot his own body.

Friedman was 23 years old, and had just finished a course at Harvard Dental college. Insanity, caused by overstudy and illness, is declared to have caused his action.

**INTO AN OPEN SWITCH**

**TRADED NEAR PITTSBURGH—Two Killed, Three Faculty and Many Seriously Hurt.**

Pittsburgh, Pa., June 25.—Train No. 23 was wrecked at Monaca, about ten miles west of here, Monday afternoon, and two persons were killed, three fatally injured and 40 others more less injured.

The train, while going at great speed, ran into an open switch at Monaca and went over an embankment about 25 feet high. Every car was turned over, two of them going over twice.

The flyer, which left here at 4:30 for Cleveland, hit the bridge, and the wonder is that there were not more fatalities.

Freeman Cunningham, when taken from the wreck, was found to be horribly crushed. His death must have been instantaneous.

**PRISONERS OF WAR.**

**FIVE HUNDRED FILIPINO LIBERATED BY ORDER OF GEN. MACARTHUR TO SIGNATURE A SURRENDER.**

Washington, June 25.—The war department has made public an order issued by Gen. MacArthur on May 3 liberating Filipino prisoners. The order follows:

"In pursuance of the general policy of the government in regard to the pacification of the archipelago, 500 prisoners of war will be released to officially sign the surrender and acceptation of the sovereignty of the United States by Gen. MacArthur, commanding highest forces in the Philippines. Batangas, Zambales, Laguna, commanding in the provinces of Bulacan and Nueva Ecija.

**STEADILY IMPROVING.**

**Mrs. McKinley, on Monday, Was Able to Go Down Stairs and Take Luncheon.**

Washington, June 25.—For the first time since she became invalid from falls, Mrs. McKinley, Monday was able to go down stairs and join the president while the latter was at luncheon. She remained at the table for some little time, and then returned to her room, having enjoyed the general feeling of health still persisting. The duration of convalescence in New Haven Monday night, and especially this is true of the '96 men with whom Adelbert S. Hay spent the four years of under-graduate life.

**MESSAGES of Condolence.**

Secretary Hay received messages of condolence from many prominent persons, among them King Edward VII, President Loubet, of France; Lord Roberts, Earl of Rosebery, Lord Fauncester, Sir Henry Irving, Ambrose Bierce and Dr. James Lindon. S. M. Hay said Monday night she was improving steadily.

**VALUABLE TIMBER LAND.**

**A SOFT TO SET ASIDE PATENTS FOR About 10,000 Acres Now Under Control of Senator Clark.**

Washington, June 25.—For the first time in the history of the Senate, a bill was introduced by Senator Clark, of Massachusetts, to set aside patents for about 10,000 acres of valuable timber now under control of the senator.

The government claims that the lands were taken up within the last three years under the timber and stone act by persons who, contrary to law, had no right to file for specific timber permits and had, therefore, to dispose of them to the timber companies.

**INTEREST TOO LOW.**

**FOR THE FIRST TIME in History of Philadelphia a Loan Offered By the City Has Failed.**

**ACCIDENTALLY KILLED.**

El Paso, Tex., June 25.—Enrique Muller, one of the wealthiest and most prominent citizens of the Chinatown, was accidentally shot and killed Monday afternoon. He had dismounted from his horse and a servant was taking his pistol from his hand when it was discharged, killing Muller instantly.

**Injunction Issued.**

Milwaukee, Wis., June 25.—Another injunction against striking machinists was issued Monday on petition of the Bucyrus Steam Shovel Co., of South Milwaukee. The nature of the order is similar to the one issued on Saturday at the instance of the Vilter Manufacturing Co.

**BOND BONDS.**

Washington, June 25.—The secretary of the treasury Monday purchased \$43,000 five per cent, short term bonds at \$109.500, \$65,400 three at \$108.500, and \$2,450 four at \$113.200.

**SENATOR DUBOIS ILL.**

Boise, Idaho, June 25.—United States Senator Fred Dubois is at Hunter Hot Springs, Mont., suffering from a severe attack of sciatica. He went there two weeks ago but his condition has steadily grown worse.

**An Unexploded Bomb.**

Rome, Italy, June 25.—An unexploded bomb was found in a railroad carriage in which two priests of the Society of Montenegro have been traveling in Italy.

Our roads so much nowadays of great fortunes and how the owner has labored unceasingly to amass it. It seems the fact of colossal wealth emblemizes great energy, that unless one is fortunate enough to accumulate money you never hear of them. There is no such thing as power, which thousands possess, of whom it is not told because they have not great wealth. It reminds us of the story a very able preceptor loved to tell whenever some recalcitrant scholar needed disciplining. He would bring up the example of some former students who had achieved some measure of prominence in the world. He would forget to mention the hundreds of as able men from the classes who were as successful though not so prominent. This is the world and the people like comicalities. Let the show continue.
